

Feasibility study on drug consumption rooms in Belgium

Luk Van Baelen, PhD

DRUGROOM

- Not needs assessment, but feasibility study
- (1) Legal study: analysis of the legal framework of DCRs
- (2) Identifying scenarios from national DCRs
- (3) Feasibility: interviews with stakeholders (drug treatment services, low-threshold harm reduction services, outreach services, police, Public Prosecution, court, local politics, local drug coordinators, emergency services)
- (4) Formulation of hands-on policy recommendations
- Partners: Ughent, HoGhent, UCLouvain, EMCDDA
- 5 cities (Ghent, Antwerp, Brussels, Liège, Charleroi)
- April 2017 – December 2017
